

SWIMMING COURSE PROGRAM 2020-2021

Registration 2020-2021

- Esb swimmers members: Monday June 15, 2020 at 9:00 am
- Other swimmers": Tuesday, June 23, 2020 at 9:00 a.m.
- Registration via your online parent account on our website <https://services.uccleparents.org/>
- A separate swimming module allows pupils from all European Schools in Brussels to register. Please note that only pupils attending the schools in Laeken, Woluwé and Ixelles will not have to pay the APEEE contribution.

Start and end of courses 2020-2021

- Start: The week of Monday, September 14, 2020
- Ends: Last class on Monday, June 15, 2021 (after this date, no more classes will be given).
- *****Due Covid19 situation**, these dates are subject to pool reopening deadlines and modification

For swimmers already registered in our courses in 2019-2020

Attention

If your child wishes to continue the activity, he or she will have to register in the same group as in the year 2019-2020 except for level 1,2 and 3 (children can enrol in the next level). As the swimmers have not swum for several months and could not be evaluated by the instructors, we considered it consistent that they register in the same level. We are aware that children's morphology and physical abilities change rapidly at these ages, so the instructors will adapt the lessons in terms of distance and endurance. No registrations will be accepted if the course does not correspond to the 2019-2020 course.

However, if the course you want is full, you can put your child on a waiting list by sending an email to natation.cesame@uccleparents.org

If a place becomes available, we will automatically come back to you by phone or email.

Updates of the swimming level

For greater clarity, the swimming levels have been redefined. There are now 7 skill levels (from Level 1 to Level 7) for all swimmers.

Two additional levels ("BSE 1 Intermediate" and "ESB 2 Advanced") are reserved exclusively for competitive swimmers who are members of the ESB swim team.

- If your child was enrolled from Group 1 to Group 3: He can enrol to the next level
- If your child was enrolled from Group 1 to Group 6: Nothing changes and he or she is enrolled in the same group as in 2019-2020.
- If your child was registered in groups 7, 8 or 9: These groups were normally only for swimmers on the ESB team. They must now register in group ESB1 or ESB2 according to what the head coach (Aly Reza Pakszad) has communicated to them.
- If your child was registered in level 7/8 or 8: They must now register in level 7.

Places will be assigned on a first-come-first-served basis.

For further information, please contact Mr Rizzo at CESAME's office (extracurricular activities EEB1) at natation.cesame@uccleparents.org

For new swimmers wishing to join the courses

Due to the health situation, we are unable to confirm test dates prior to the opening of registrations. Therefore, exceptionally, we allow you to register now and then validate the level when the tests can be organised.

In order to form homogenous groups, we suggest that you carefully consider the different skills of each swimming level mentioned in our program.

Any change of level will be done within the limit of available places! (In this case, the change of group level will not be charged).

Once the order has been placed, please send an email to natation.cesame@uccleparents.org with the child's first name, surname and registration level so that we can contact you once the test dates have been confirmed.

Strength training for competitive swimmers

The physical preparation course aims at a better understanding of the sport. It is designed to preserve the athlete's physical, muscular and osteo-articular integrity.

The aim is to improve the athlete's performance capacity, to develop his physical potential such as flexibility, strength, motor coordination in order to better achieve the competitive objectives.
